

PenTest Lab Exercise Ex160 – Art’s Tailor Shoppe Penetration Test Report

Goal

Now is your opportunity to put it all together. This exercise counts twice as much as each of the other exercises.

Tasks

1. Take the information you have gleaned and included in your partial penetration test reports and create a single complete penetration report for Art’s Tailor Shoppe.
2. Make sure that what you produce is a coherent, comprehensive report.
3. Credit in the report is allocated as follows:
 - 20%: Executive summary.
Each subsection identified in comments in the template, namely
 - Project Overview,
 - Goals,
 - Risk Ranking/Profile,
 - Summary of Findings, and
 - Recommendation Summarywill be allocated 3%. I reserve 5% for my qualitative evaluation of the summary.
 - 80%: Accurate reporting of at least 15 findings from earlier exercises.
 - No attack narrative is necessary.
4. Note that in any element of the report, up to 15% can be deducted for poor grammar and usage. All security is education—you must be able to communicate effectively!
5. You may be able to use this report as a way to communicate your understanding of security concepts, skill in identifying security vulnerabilities, and excellent writing to potential employers. Think of this as part of your security portfolio.

6. Submit your report the usual way.
